

DELTA INFORMATION SYSTEMS, INC.

AUGUST 2017 NEWS & UPDATES

The Delta Family of Companies

Upcoming Events

DSEI

DDV & Ampex
September 12-15
London, UK
Booth #N5-193

Modern Day Marine

DDV
September 19-21
Quantico, VA
Booth #1502

ITC

DDV, GDP, Ampex &
Acroamatics
October 23-26
Las Vegas, NV
Booth #2041

Technology Magazine?

Ampex Now Offers Visual Intelligence & Data Security in Rugged Environments

Ampex's [BLUE](#) line of products provide complex data management and cognitive analytical capabilities, as well as cyber protection for storage, processing and networked systems.

Cyber Security

BLUE Sentry is a high speed, high capacity, rugged compute device that can discover, define, analyze and mitigate cyber threats and vulnerabilities.

Machine Learning

BLUE IQ is a high speed, high capacity, rugged compute device, that uses Machine Learning Analytics to perform complex analysis and decisions.

H.265: Reduce Bandwidth & Increase Quality

[Delta Digital Video's](#) latest generation of rugged airborne encoders utilize the [H.265](#) video compression algorithm to provide high quality video transmission at various resolutions, a wide range of bandwidths, and relatively low bit rates, for both HD and SD. **Check out our article [H.264 vs H.265](#).**

[Model 7820R](#) rugged video encoder is specifically designed for harsh airborne environments. 7820R uses H.265 to compress full motion video, multiplexing with compressed audio, metadata, and system information.

Telemetry Over IP Experts for 15 Years

[GDP Space Systems](#) is a leading manufacturer of [Data Transport and Communications Multiplexer](#) products for a wide range of applications. Model 2350 is the TMoIP transport of choice for range and launch facilities in the U.S. and around the world.

[Model 2350](#) is available in configurations ranging from 2 channels to a high density 12 channel unit that can simultaneously support 12 channels, individually

configurable as input or output, at 50 Mbps each for a total aggregate rate in excess of 600 Mbps.

Couldn't Attend AUVSI Pathfinder or EnergySec Summit?

We're Here For You

The Delta family of companies is focused on your success. Whether you have a small question or major emergency, Delta's companies are committed to backing you up with enthusiastic support and exceptional customer service.

Stay Connected

AmpeX attended this year's EnergySec Summit and covered topics such as where/how to protect a control system network, provided an architecture overview, and discussed how it avoids any moral hazard.

At the AUVSI Pathfinder show Delta Digital Video featured a demonstration of their new H.265 technology and highlighted rugged, high quality products for recording critical video.
